Dated the 16th March '28. 192

M/ R. Ry. Molahalli Shiva Rao, Avergal.,

(Designation) PRESIDENT,
Puttur Taluk Board, South Kanara Dt.

To The Secretary to the Government of Madras,

Local Self Government (Law-Edn) Department.
Fort Saint George, Madras.

Through, The PRESIDENT,
District Board, South Kanara.

Sir,

Adverting to G.O.No.207, Law (Edn) dated 1-2-28, I have the honour to submit herewith a copy of Taluk Board — resolution requesting Government to reconsider their order passed in the aforesaid G.O.expressing their inability to — exempt this Taluk Board from the payment of half the cost of construction of school buildings.

2. The reason stated by Government for declining to — comply with the request of the Board is that they are unable to depart from the general policy of helping those who help themselves. I do not question the wisdom and soundness of this policy but I submit that, just as there are exceptions to every rule, an exception ought, in reason, justice and

equity, be made in the case of impecunious boards which have nothing to give. Otherwise ^{the} rich boards would get everything while boards such as mine which are in a destitute condition will get nothing and sooner or later they will have to close one after another all their elementary schools which cannot be run indefinitely without proper buildings. Thus will elementary education shrink and ——— shrivel instead of expanding and developing thereby ^{depriving} the people of one of the primary needs which the State as is bound to supply.

3. I have, in my last letter fully explained the impecunious circumstances of the Taluk Board and the present state of school-buildings in which the accommodation is most inadequate and unsuitable, and I need not repeat them again. This Taluk Board is not at all, and never in the immediate future will it be, in a ——— position to spare any funds for the construction of school-buildings and the insistence of the Educational Department to improve their miserable condition will be a cry in the wilderness, unless and until the Government ~~sanction~~ doles out all the money required for their improvement. I respectfully challenge an examination of our Budget and enquiry into the deplorable condition of things — here, which will amply hear out what I have urged.

4. Though the Government have hitherto adopted the policy of helping only ~~X~~ the Taluk Boards which can afford to pay half the contribution for the construction of school buildings, Government have, it cannot be gainsaid, full power to depart from this policy and lend their helping hand to a few impecunious Taluk Boards which can hardly and with difficulty find funds to meet the ordinary — recurring expenditure.

5. My Board has taxed itself to the fullest extent for education and cannot be accused of sparing itself in order to have ^a long pull out of provincial funds. If Government decline to ~~take~~ all these matters into consideration, I fear elementary education in this taluk will receive a set back and many of the schools will — have a precarious if not nominal existence.

6. In ~~f~~ view of the aforesaid circumstances, I appeal to — Government for the reconsideration of their order and to exempt — this Taluk Board from payment of contribution towards ^{cost of constructing} the [^] school

buildings.

Your most obedient Servant.

K. Srinivasan
President, 7/3
Puttur Taluk Board.
